Education Conception

ACC is the abbreviation of English “Ambitious Challenge Contribution”. It means that you, a ambitious person, are trained here to become a talent, who can challenge in different fields and contribute to society in the future.

Director's Message

ACC Japanese Academy founder

Director, FUKUZAWA REIKA

Since I have studied in Japan for 10 years, I have been thinking deeply about how to dig out the potential ability of study and independent living of each international student ACC can provide students with the most advanced and innovative teaching mode and the most comfortable learning environment, ACC also focus on the individual development of each student and the ability of cultivate self-survival. Teachers of ACC pay more attention on Japanese speaking, listening, speaking, and reading, and use the most advanced ICT teaching equipment to solve Q&A between teacher and student of Japanese studies. we have the confidence to recommend your ideal university and have the ability to let you take the first step of studying in Japan from here and go to the world.

ACC PROVIDES YOU WITH COMPREHENSIVE GUIDANCE COVERING STUDY, LIFE AND EMPLOYMENT

ACC is The first school in Kansai to use the most advanced ICT teaching equipment in Japan, which is a unique teaching style that is easy to understand, remember and use.

ACC has an experienced team of teachers, who can teach students in accordance to their aptitude, also provide individualized counseling, guidance of studying abroad and post graduation.

Students of ACC can regularly participate in interactive events with local Japanese people to experience Japanese cultures.

The transportation of ACC is convenient, the surrounding living environment is good, and has enough school or dormitory equipment.

ACC also has perfect online teaching system, which covers Japanese, English, comprehensive subjects, Chinese and Korean , etc.
